

**SAFETY DATA SHEET**Page 1/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.
Edition II

Violeta VESH Color gel

SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

1.1	Product identifier	
	Trade name:	VESH Color gel
	Chemical name:	No information
	Catalogue number:	No information
	UFI number:	5U9C-T2WM-4H27-PD2K
	Form:	Liquid
1.2	Relevant identified uses of the substance or mixture and uses advised against	
	Use:	Liquid laundry detergent
	Uses advised against:	No information
	Reason for non-use:	No information
1.3	Details of the supplier of the safety data sheet	
	Company name:	Violeta d.o.o.
	Address:	Obrež Zelinski 55, 10380 Sveti Ivan Zelina, Croatia
	Telephone:	00 385 1 206 5760
	Fax:	00 385 1 206 5831
	e-mail address of the responsible person:	tanja.galic@violeta.com
	National contact:	no information
1.4	Emergency telephone number	
	Emergency service telephone number:	112
	Medical information telephone number:	00385 1 234 8342
	Other data:	-

SECTION 2: HAZARD IDENTIFICATION

2.1	Classification of the substance or mixture	
2.1.1	Classification according to Regulation (EC) no. 1272/2008 (CLP)	
	Hazard class and category code:	Hazard statement code*:
	Eye irrit. 2	H319
2.1.2	Additional information	
*The full text of the H and EUH labels is given in Section 16.		
2.2	Label elements	
	Product identifier:	VESH Color gel
	ID number:	-
	Authorization number:	-

SAFETY DATA SHEET

Page 2/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.

Edition II

Violeta VESH Color gel

Pictograms:	
Signal word:	Warning
Hazard statements:	H319 Causes serious eye irritation.
Precautionary statement:	P102 Keep out of reach of children. P264 Wash hands thoroughly after handling. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. P337+P313 If eye irritation persists: Get medical advice/attention. P501 Dispose of contents/container in accordance with the local waste regulations.
Additional information about hazards:	-
2.3	Other hazards
	Does not contain PBT and vPvB ingredients. Slippery if spilled.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

CAS/ EC/ Index number	Registration number according to REACH	% mass or range	Name	Classification according to Regulation (EC) no. 1272/2008 (CLP)
68891-38-3; 500-234-8; -	01-2119488639-16- 0009	5-15	Alcohols, C12-14, ethoxylated, sulfates, sodium salts	Skin Irrit. 2, H315 Eye dam. 1, H318 Aquatic Chronic 3., H412
85536-14-7; 287-494-3; -	01-2119490234-40	5-15	Benzenesulfonic acid, 4-C10- 13-sec-alkyl derivatives	Acute tox. 4, H302 Skin corr. 1C, H314 Eye dam. 1, H318 Aquatic Chronic 3., H412
68439-50-9; 931-014-3; -	-	5-15	Alcohols, C12-14, ethoxylated	Acute tox. 4, H302 Eye dam. 1, H318 Aquatic Chronic 3., H412

SECTION 4: FIRST AID MEASURES

4.1	Description of first aid measures	
	General notes:	Contact a doctor if symptoms persist.

**SAFETY DATA SHEET**

Page 3/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.

Edition II

Violeta VESH Color gel

	If inhaled:	Not necessary.
	In case of skin contact:	Rinse contact area with water. Seek medical attention if symptoms persist.
	In case of eye contact:	Remove contact lenses, if present. With clean fingers, spread the eyelids apart and rinse each eye alternately with water for about 15 minutes; seek the help of an ophthalmologist if necessary.
	If ingested:	Do not induce vomiting. Rinse mouth with water. Seek medical attention if necessary.
	Personal protection of a person providing first aid:	No information.
4.2	Most important symptoms and effects, both acute and delayed	
	If inhaled:	No symptoms are expected after inhalation.
	In case of skin contact:	Redness, itching or burning sensation in sensitive people and with prolonged use.
	In case of eye contact:	Tearing, redness and burning sensation may occur upon direct contact.
	If ingested:	In case of ingestion, nausea, vomiting and diarrhoea may occur.
4.3	Statement about the need for urgent medical assistance and special treatment	
	No information.	

SECTION 5: FIREFIGHTING MEASURES

5.1	Extinguishing media	
	Appropriate means:	Adapt fire extinguishing agents to other chemicals in the immediate vicinity. Commercially available fire extinguishers/extinguishing agents can be used for initial fires.
	Inappropriate means:	Direct water jet.
5.2	Special hazards arising from the substance or mixture	
	Hazardous combustion products:	Carbon monoxide and other toxic compounds. Do not inhale combustion products.
5.3	Advice for firefighters	
	Use water mist and spray to cool the surfaces of undamaged containers exposed to heat, to protect people and to trap steam. Only persons trained in fire protection can use water spray (sprayed water jet). In the event of a fire in a closed space, firefighters should always use a fireproof suit (according to HRN EN 469) and a self-contained breathing apparatus with an open circuit with compressed air (HRN EN 137).	

SECTION 6: ACCIDENTAL RELEASE MEASURE

6.1	Personal precautions, protective equipment and emergency procedures	
6.1.1	For people who are not members of the emergency personnel	
	Protective equipment:	Use the recommended personal protective equipment (Section 8)
	Accident prevention procedures:	Make sure that everyone follows the recommended instructions for safe handling, storage and transport.

**SAFETY DATA SHEET**

Page 4/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.

Edition II

Violeta VESH Color gel

	Procedures in the event of an accident:	Move unprotected and untrained persons away from the danger zone. Stop further release. Remove all sources of ignition and heat. Ensure good ventilation of the area. Prevent contact with the skin and eyes.
6.1.2	For emergency personnel:	
		Wear the protective equipment from Section 8. Keep unprotected persons away.
6.2	Environmental precautions:	
		Prevent the product from reaching the environment, but if it does, it is necessary to prevent the product from reaching watercourses, drainage systems and the soil. In case of major contamination of the environment with the product, call 112.
6.3	Methods and material for containment and cleaning up	
6.3.1	For fencing, covering, blocking:	Prevent spillage into waterways and drainage systems by installing sand (or similar material) dams and barriers. Ensure good ventilation.
6.3.2	For cleaning:	Cover the spilled amount with absorbent material (sand, earth, bentonite, silica gel). Collect as much of the resulting mass as possible in a container for hazardous waste and hand it over to an entity authorized for the disposal of hazardous waste. Wash off the residue with water.
6.3.3	Other information:	Dispose of in accordance with section 13.
6.4	Reference to other sections	
		See section 7 for information on safe handling. See section 8 for information on personal protective equipment. See section 13 for disposal information.

SECTION 7: HANDLING AND STORAGE

7.1	Precautions for safe handling	
7.1.1	Safety measures	
	Fire prevention measures:	Remove all sources of ignition and heat. No smoking.
	Measures to prevent aerosol and dust formation:	Follow the instructions for use. Use only in well-ventilated areas. Product packages must be tightly sealed.
	Environmental precautions:	Follow the instructions for use.
	Other measures:	Provide eyewash stations near the workplace.
7.1.2	Advice on general hygiene in the workplace	
		Do not eat, drink or smoke in a place where chemicals are used. Wash your hands after work and before breaks. Use personal protective equipment as indicated in Section 8. Immediately remove contaminated clothing and shoes.
7.2	Conditions for safe storage, including any incompatibilities	

Violeta VESH Color gel

Technical measures and storage conditions:	Store the product in a dry and well-ventilated area, away from sources of heat, ignition and direct sunlight. Make sure that everyone follows the recommended instructions for safe handling.
Container materials:	Store only in the original, tightly closed containers. Pouring into any other packaging is not allowed.
Storage space and container requirements:	The drain in the floor must not be directed into the sewage system. Label the storage space in accordance with the Chemicals Act.
Advice for furnishing the storage area:	-
Other information on storage conditions:	-
7.3 Specific end use(s)	
Recommendations:	Household laundry detergent.
Special solutions for the industrial sector:	-

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control parameters				
Substance	CAS number	Exposure limit values (GVI/KGVI)		Biological limit values
		ppm	mg/m ³	
-	-	-	-	-
Substance name:				
EC number:		CAS number:

Exposure method:	Acute local effects	Acute systemic effects	Chronic local effects	Chronic systemic effects
Oral	No information	No information	No information	No information
Inhalation	No information	No information	No information	No information

Dermal	No information	No information	No information	No information
PNEC				
Protected target in the environment		PNEC		
Freshwater		No information.		
Freshwater sediments		No information.		
Seawater		No information.		
Seawater sediments		No information.		
Food chain		No information.		
Microorganisms in wastewater treatment		No information.		
Soil (agricultural)		No information.		
Air		No information.		
8.2	Exposure controls			
8.2.1	Appropriate control devices			
	Measures to prevent exposure during recommended use:	Avoid contact with eyes and skin. Use the specified protective equipment.		
	Structural exposure prevention measures:	-		
	Organizational exposure prevention measures:	-		
	Technical exposure prevention measures:	Ensure sufficient air exchange and/or extraction in the work areas. Provide eyewash stations near the workplace.		
8.2.2	Personal protective measures, e.g. personal protective equipment			
8.2.2.1	Eye/face protection:	In case of risk of contact, protective glasses (HRN EN 166).		
8.2.2.2	Skin protection			
	Hand protection:	For prolonged contact, use disposable protective gloves made of nitrile rubber (duration of use > 480 min, thickness >0.1 mm) (HRN EN ISO 374). Follow the manufacturer's instructions for use, storage, maintenance and replacement of protective gloves. In case of damage or when the first signs of wear appear, the gloves should be replaced.		
	Protection of other parts of the body:	Wear appropriate work clothes (HRN EN ISO 13688) made of natural materials (cotton or the like) in case of long-term and frequent use.		
8.2.2.3	Respiratory system protection:	Not required under normal work conditions.		
8.2.2.4	Thermal hazards:	-		
8.2.3	Environmental exposure control			

**SAFETY DATA SHEET**

Page 7/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.

Edition II

Violeta VESH Color gel

Measures to prevent exposure to the substance/mixture:	Prevent contact with the skin, eyes and clothes. Do not eat, drink or smoke when handling. Wash your hands before taking a break and at the end of the working day. Wash contaminated clothing before reuse.
Structural exposure prevention measures:	-
Organizational exposure prevention measures:	-
Technical exposure prevention measures:	-

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**9.1 Information on basic physical and chemical properties**

	Value	Method
Aggregate state:	Liquid	-
Colour:	Purple	-
Smell/smell threshold:	Fresh	-
Melting/freezing point:	No information	-
Boiling point or initial boiling point and boiling range:	No information	-
Flammability:	No information	-
Lower and upper explosive limits:	No information	-
Flash point:	No information	-
Auto-ignition temperature:	No information	-
Decomposition temperature:	No information	-
pH:	8.4 – 9.1	-
Kinematic viscosity:	No information	-
Solubility(ies):	No information	-
n-octanol/water partition coefficient (log Pow):	No information	-
Vapor pressure:	No information	-
Density and/or relative density:	1.048 – 1.054 g/cm ³	-
Relative vapor density:	No information	-
Particle properties:	No information	-
9.2 Other information		
	-	

SECTION 10: STABILITY AND REACTIVITY

10.1	Reactivity:	Non-reactive under the prescribed conditions of use and storage.
10.2	Chemical stability:	Stable under the prescribed conditions of use and storage.
10.3	Possibility of hazardous reactions:	No dangerous reactions under the prescribed conditions of use and storage.
10.4	Conditions to avoid:	Observe the prescribed storage conditions.
10.5	Incompatible materials:	No information.
10.6	Hazardous decomposition products:	No dangerous decay products under the prescribed conditions of use and storage. In case of fire, carbon monoxide.

SECTION 11: TOXICOLOGICAL INFORMATION

11.1 Information on hazard classes as defined in Regulation (EC) no. 1272/2008

Acute toxicity:

Route of exposure	Method	Organism	Dose LD ₅₀ /LC ₅₀ or ATE _{mixture}	Exposure period	Result
Alcohols, C12-14, ethoxylated, sulphates, sodium salts					
Ingestion:	OECD Test Guideline 401	Rat	> 2,000–5,000 mg/kg;	No information.	No information.
Skin contact:	OECD Test Guideline 402	Rat	>2.000 mg/kg	No information.	No information.
Inhalation:	No information.	No information.	No information.	No information.	No information.
Benzenesulfonic acid, 4-C10-13-sec-alkyl derivatives					
Ingestion:	OECD Test Guideline 401	Rat	> 300–2,000 mg/kg	No information.	No information.
Skin contact:	OECD Test Guideline 402	Rat	>2.000 mg/kg	No information.	No information.
Inhalation:	No information.	No information.	No information.	No information.	No information.
Alcohols, C12-14, ethoxylated					
Ingestion:	No information.	Rat	>1200 mg/kg	No information.	No information.
Skin contact:	No information.	No information.	No information.	No information.	No information.
Inhalation:	No information.	No information.	No information.	No information.	No information.
Specific target organ toxicity — single exposure (STOT-SE):					
	Specific effects		Exposed organ	Note	
Ingestion:	No information.		No information.	No information.

Transportation of Dangerous Goods Act.		

SECTION 15: REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

SAFETY DATA SHEET

Page 17/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.
Edition II

Violeta VESH Color gel

	EU regulations
	Authorizations and/or restrictions on use
	Authorizations: -
	Restrictions: -
	Other EU regulations: Regulation (EC) no. 1272/2008 (CLP) Regulation (EC) no. 1907/2006 (REACH) Regulation (EC) no. 648/2004 on detergents
	Data (Directive 1999/13/EC) on emission limits of volatile organic compounds (VOC):
	National regulations: Chemicals Act OG 18/13, Transportation of Dangerous Goods Act OG 79/07, Regulation on waste management, Ordinance on Protection of Workers from Exposure to Hazardous Chemicals at Work, Occupational Exposure Limit Values and Biological Exposure Limit Values
15.2	Chemical safety assessment
	Not conducted.

SECTION 16: OTHER INFORMATION

16.1	List of amendments:	Edition II – Section 2.3 and elimination of perfume ingredient (therefore no EUH 208)
16.2	Abbreviations:	IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association ICAO: International Civil Aviation Organization GHS: Globally Harmonized System of Classification and Labelling of Chemicals LD50 Lethal dose, 50% LC50 Lethal concentration, 50% Acute tox. 4 – Acute toxicity (swallowing), hazard category 4 Skin corr. 1.C – Skin corrosion/irritation, hazard category 1.C, Skin Irrit. 2 – Skin irrit./corrosion, hazard category 2 Eye dam. 1 – Serious eye damage/eye irritation, hazard category 1 Eye Irrit. 2 – Serious eye damage/eye irritation, hazard category 2 Aquatic Chronic 3 – Chronic aquatic hazard, category 3
16.3	Key references and data sources:	Material Safety Data Sheets, CLP Regulation, www.hzt.hr , ECHA
16.4	Classification and use of classification procedures for mixtures according to the CLP Regulation	
	Classification according to CLP	Classification procedure
	H319 Causes serious eye irritation.	Calculation and experimental method
16.5	Corresponding H-labels (number and full text)	

**SAFETY DATA SHEET**Page 18/18, Created on 9 December 2022 in accordance with Regulation EC/1907/2006.
Edition II

Violeta VESH Color gel

	302	Harmful if swallowed.
	314	Causes severe skin burns and eye injuries.
	H 315	It causes skin irritation.
	: 318	Causes serious eye injuries.
	319	Causes serious eye irritation.
	412	Harmful to aquatic life with long lasting effects.
16.6	Advice for training:	No information.
16.7	Further information:	<p>To the best of our knowledge, the information contained in this Safety Data Sheet corresponds to our current knowledge of the product. All materials are potentially hazardous and should be used with care. Although certain hazards are described here, we cannot guarantee that these are the only existing hazards.</p> <p>The product must not be used for purposes other than those specified in the instructions. In case of mixing with different products, it is necessary to check whether there are additional hazards. If the product is used contrary to the manufacturer's instructions, the manufacturer does not assume any responsibility regarding the instructions.</p> <p>Always read the label and product information.</p>

APPENDIX:**EXPOSURE SCENARIOS ACCORDING TO THE CHEMICAL SAFETY REPORT**
