PRODUCT DESCRIPTION

STANDING LAMP 50cm from the SPECTRA series is the latest outdoor-garden luminaire made of the best quality aluminum and plastic. The presented GARDEN LAMP with a cylindrical lampshade is the best choice of lighting garden paths, thanks to its modern design our garden will gain a unique charm. The materials used guarantee IP44 protection, which provides the lamp with protection against splashing water and against objects over 1 mm. OUTDOOR LUMINAIRE is equipped with a single socket with a universal thread E27 where we recommend the use of energy-saving LED bulbs . Deciding to buy the presented GARDEN - OUTDOOR STANDING LAMP 50cm we can be sure that we get a high-class product that will meet the expectations of even the most demanding customers. ATTENTION !! The lamp is sold without a light source! We encourage you to familiarize yourself with the offer of energy-saving LED bulbs available on our website LEDDO.PL
