Ship time: 24H

TECHNICAL DATA

EAN code	4058075421288	Brand	Ledvance
Number of light points	1	Type of glass	Transparent
Lamp socket	Built-in light source	Temperatura barwowa [K]	4000
Light colour	Neutral white	Power	50W
Energy class - (EU) 2019/2015	E	Luminous flux (lumen) [lm]	6000
Surface color	White	Supply voltage	230V
Binding type	Moveable	Shape	Rectangular
Mounting method	Mounting brackets	Water Protection class	IP65
Gwarancja	5		

PRODUCT DESCRIPTION

strong LED floodlight in white color recognized on the lighting market of the lighting brand is a modern lighting that features a very good quality of emitted light, high durability, resistance to heavy weather conditions (water resistance) and mechanical damage. Compact dimensions and low weight allow easy installation in the place of old, worn and direct traditional halogens. In addition, the floodlight ensures energy saving up to 90% (compared to the hollow lamps with halogen lamps). LED Exposure LEDVANCE has an energy-saving light source 50w power, emits neutral light Color 4000K which allows you to obtain a light stream up to 6000lm. Matless tempered glass ensures even spread of light. The ventilation valve has been used in the threshold that improves the air exchange - the valve does not adversely affect the degree of protection against weather conditions. Halogen LED LEDVANCE This innovative device that has its use outside, it works best as a lighting of garages, facade of buildings or driveways. When deciding to buy a presented threshold, we get the best quality product, ready for quick and easy assembly. The floodlight has a flexible 1m length wire
