TECHNICAL DATA

EAN code	4058075460874	Brand	Ledvance
Number of light points	1	Type of glass	Transparent
Lamp socket	Built-in light source	Temperatura barwowa [K]	4000
Light colour	Neutral white	Power	10W
Energy class - (EU) 2019/2015	E	Luminous flux (lumen) [lm]	1200
Surface color	Black	Supply voltage	230V
Binding type	Moveable	Shape	Rectangular
Mounting method	Mounting brackets	Dimensions [mm]	159/131/53
Water Protection class	IP65	Gwarancja	5

PRODUCT DESCRIPTION

LED floodlight with motion sensor is a product of high quality LEDVANCE. LED luminaire is characterized by a shapely and elegant appearance to steamed with extraordinary durability. LED floodlight emits a 10W light light, a 1200 LM light stream and a neutral white light (3000k), which faithfully reflects the colors of the lighted objects. motion sensor , which is attached to the lamp, has adjustable up to 350 °, and an inclination by 180°. In addition, it can be easily adjusted and adjust the light detection range and working time. Headlight has an aluminum housing and a matte lampshade made of tempered glass that provides even lighting. Light with sensor Thanks to the protecting IP65, it is resistant to dust and water, so that it can be used as external lighting. The floodlight works well wherever the need for a reliable and permanent light source.
