TECHNICAL DATA

Brand	Lumiled	Number of light points	1
Lamp socket	INSERT	Surface color	White
Supply voltage	230V	Binding type	Moveable
Shape	Round	Mounting method	Surface-mounted

PRODUCT DESCRIPTION

Round Ceiling Luminaire AMAT-S of the renowned Lumiled brand in White is a luminaire made of high-quality aluminum alloy suitable for surface mounting. Luminaire adapted to work with INSERT LED inserts, the power of which does not exceed 35W. Luminaires from the AMAT series, thanks to their beautiful design and minimalist style, make them fit into almost any interior arrangement. They are used mainly inside the building, they are ideal as decorative or general lighting of corridors, halls, lounges or elegant office rooms. An additional advantage of the AMAT series luminaires is the ability to control the light incidence angle using a movable inner ring with which they are equipped - the maximum movement of the inner ring is 15°. The luminaires also have an integrated socket for the lamp holder, which allows for simple and quick installation of the INSTERT LED insert.
