PRODUCT DESCRIPTION

Round HALOGEN luminaire AQUS of the reputable brand Lumiled in satin color is a frame made of high quality aluminum alloy, adapted for flush mounting. The ceiling luminaire has been adapted to work with LED light sources with GU10 base whose power does not exceed 50W. Professional workmanship and the selection of the best quality materials provide the frame with protection against splashes or moisture. Luminaires from the AQUS series are characterized by simple design and a minimalist style, thanks to which they fit into any interior. The round AQUS luminaire is the perfect choice at a mega attractive price that will meet the expectations of every customer.
